The author declares no competing interests.

Acknowledgements

The author acknowledges ECDC, World Bank, FAO/FAOSTAT, TerraClimate, and Natural Earth as public data providers. No endorsement by these organisations is implied.

Author contributions

Julian Juan: conceptualisation, data curation, formal analysis, methodology, software, validation, visualisation, writing–original draft, and writing–review and editing.

Ethics

This study uses aggregated, publicly available surveillance data at the country-year level. No individual-level patient data were accessed. Ethical review was not required for secondary analysis of publicly available aggregate data.
